

CHS ORCHESTRA HANDBOOK ACKNOWLEDGEMENT

Please return no later than the 2nd week of School

We have received, read and understand the contents of the Conroe High School Orchestra Handbook and we agree to adhere to all policies, rules, procedures and fees therein. These include but are not limited to: student responsibilities and expectations, eligibility, attendance, grading, cell phone policy, uniforms, performances and fees. We also understand that this is not an all-inclusive handbook and that rules and regulations set forth by CISD and CHS administration apply equally to all members of the CHS Orchestra.

Furthermore, the parent or guardian signing this document expresses a desire and gives consent for his/her child to be allowed to travel to and from the events listed in the Orchestra Calendar provided that said child meets eligibility requirements for those events (i.e. passing all classes at the time of the events, turns in the required forms). The parent agrees to support his/her son/daughter in his/her participation in orchestra and to help foster the sense of pride that he/she can acquire through such participation. The parent also agrees to pick up the student no later than 30 minutes after an event, or the student will be placed in the custody of CISD Police until you arrive.

As the parent or guardian of this student, I agree to allow my student's photo, sound recording, and/or unidentified photo in a group shot to be posted on the Conroe High School Orchestra website and to be submitted to the CISD website, yearbook, the CHS principal's electronic newsletter, and local newspapers.

I also give permission for my student to communicate with the director via text message via REMIND. This is a secure site where cell phone numbers of no parties are visible to others. All orchestra students and parents are asked to sign up for this service. This is a necessary form of communication when students travel with the orchestra. I understand that use of electronic information resources and communication is for educational purposes only.

My child _____ does _____ does not have an appropriately sized instrument and bow available for home practice as required by the CHS Orchestra.

I have been given a Calendar of Events for this school year and my Student will be at all required Sectionals, Rehearsals, Performances or other events as stated above in this Handbook.
